

HydraSmile™ Dry Mouth, Hydrating Spray

What is HydraSmile™?

It's a specially formulated hydrating spray providing all-day relief from dry mouth symptoms.

Using a proprietary blend of essential oils, xylitol, and natural flavors, HydraSmile™ *contains NO* fluoride, alcohol, propylene glycol, SLS, or artificial sweeteners.

How to use HydraSmile™

For relief of dry mouth symptoms, spray directly into the mouth. Swish in mouth for 30 seconds, then either spit out or swallow.

What's in this product?

Water, sorbitol, vegetable glycerin, xylitol, poloxamer-407, sodium bicarbonate (baking soda), aloe barbadensis leaf juice extract, persea gratissima (avocado) oil, tocopherol acetate (natural vitamin E), mentha viridis (spearmint) leaf oil, mentha piperita (peppermint) oil, melaleuca alternifolia (tea tree) leaf oil, citrus paradisi (grapefruit) seed oil, eucalyptus globulus leaf oil, menthol, thymol, gaultheria procumbens (wintergreen) leaf oil, bixa orellana (annatto) seed extract, camellia sinensis (green tea) leaf extract, calcium lactate, tetrasodium pyrophosphate, disodium phosphate, sodium hexametaphosphate, blue no.1, zinc citrate, sodium benzoate, sodium gluconate, phosphoric acid, cellulose gum, disodium EDTA.
